

For over 70 years, Catholic Charities has partnered with others in advocating for justice and in assisting those in need by providing help for today and hope for tomorrow.

We Promote the life and dignity of all members of the community regardless of race, age or religion.

Catholic Charities serves the entire community, not just Catholics. The late Bishop Blaire put it this way, “We serve people because we are Catholic, not because they are Catholic.”

Rooted in this mission, Catholic Charities commits to providing advocacy and social services that maintain and expand the social safety net for families and individuals. Catholic Charities envisions that the dignity of each person is upheld and poverty is reduced as we respond in concert with collaborating partners in the region of the Diocese of Stockton.

SENIOR SERVICES

Multipurpose Senior Services Program (MSSP)

Provides case management services to the most frail and vulnerable seniors. Arranges in-home services to assist clients with daily needs and teach them how to live healthier, safer, more active lives, to prevent decline, and to avoid unnecessary hospitalization or nursing home placement.

Homemaker Program

Targets low-income seniors 60 years or older. This program in San Joaquin offers several services: 1) Home Maker Services - light house-keeping, laundry, bathroom cleaning etc. 2) Personal Care - assistance with bathing and dressing. 3) Respite Care - relief for the primary caregiver in the home. Our Stanislaus allows for seniors to remain independent in their own home by providing light house cleaning, laundry, meal preparation, and assistance with errands on the members behalf.

Homecoming Project

A hospital-to-home service that bridges the gap between a hospital discharge and a strong recovery. It offers care management and services after a patient returns home, to help stabilize and achieve optimal recovery. The care specialist helps the patient secure arrangements to his/her medical appointments, and links the patient to resources related to health and well-being.
